

Student 1098-T's Tax Documents

1. A student will not receive a 1098-T unless they had out of pocket expenses. If Financial Aid paid for all of the student's tuition and fees – they will NOT receive a 1098-T.
2. DTC does not keep a book purchase history for students. Keeping documentation for submitting these items with their taxes is their responsibility.
3. Parents cannot make this request. Students at DTC are considered adults and due to confidentiality laws – the student must make the request to me his or herself.
4. Reprinting of 1098-T's will not begin until after February 8. This will give the USPS ample time for delivery.
5. All 1098-T's are mailed to the current address on file for the student as of December 31, 2009.
